

WE ARE HIRING

We are an ambitious tech company with headquarters in Lakeside Science & Technology Park in Klagenfurt am Wörthersee as well as an office in Vienna.

Our pioneering SaaS solution enables the comprehensive use of digital video for a variety of professional applications using Video on Demand, live streaming and video conferences.

For our rapidly growing teams in Klagenfurt and Vienna we are looking for a:

SENIOR SOFTWARE DEVELOPER C# / .NET (f/m/d)

Your profile for Streamdiver

- At least 3 years of professional experience as a software developer
- Experience and very good knowledge of object-oriented programming, ideally C#
- Knowledge of JavaScript/TypeScript
- Experience in ASP.NET MVC or front-end web development in general
- Team player mindset with motivation to shape the future of video streaming and its technologies.

The things we appreciate at Streamdiver

- Diverse and challenging tasks and responsibilities
- Leeway to be proactive and to implement creative ideas
- Open and clear communication, short decision processes and strong Streamdiver team spirit
- Flexible hours and possibility of remote working incl. notebook & smartphone
- Opportunity for professional and personal development – on & off the job
- Modern office incl. parking spot, coffee, tea and fruits

These tasks await you at Streamdiver

- Further development of live streaming, Video on Demand and Video Intelligence
- Autonomous creation and implementation of new features (feature ownership)
- Optimization of our system architecture regarding scalability and performance
- Close collaboration in a motivated and agile team with direct communication channels
- Active involvement in our product development processes

The overall minimum annual salary for this position in full-time equals EUR 43,000 gross (according to the Austrian "Kollektivvertrag"). We offer a significantly higher payment depending on your qualifications and experience.
